

# PIXMA MG3520

Wireless<sup>1</sup> Inkjet Photo All-in-One

**Compact All-in-One with Multiple Wireless Options,  
Borderless Photo, and Built-In 2-Sided Document Printing**

## KEY BENEFITS

Auto 2-sided Print

### Auto Duplex Print

Print 2-sided documents without having to flip paper over. Save up to 50% of plain paper supply.

Hybrid Ink System

### Hybrid Ink System

The MG3520 includes both pigment & dye inks for professional documents and beautiful prints.

## Why Choose the MG3520 Over...

### Deskjet 3510

Auto 2-sided Print

Save paper and help the environment with built-in 2-sided printing.

Replace ink & paper quickly and easily with FastFront.

My Image Garden

Take photos to the next level by easily organizing and printing them with cool effects from My Image Garden software.

### EPSON® Expression XP-200

Auto 2-sided Print

Save paper and help the environment with built-in 2-sided printing.

Auto Power On

Save time. The MG3520 will automatically turn on when printing photos or documents, so you don't have to get up.

Full HD Movie Print

Turn favorite EOS, PowerShot, or Vixia HD movie moments into beautiful photos with Full HD Movie Print.

## More Benefits

### Mobile Device & Cloud Printing

The MG3520 has a variety of connectivity options for easy printing of documents and images from the cloud.

Wirelessly print from compatible Apple devices without installing device drivers, with AirPrint.<sup>2</sup>

## Demo Tips

### Got Power?

Open the Easy-PhotoPrint app from your smartphone or tablet and show your customer how easy it is to wirelessly print a photo on the MG3520.

### No Power? No Problem!

With a 2-sided document in the output tray, discuss the benefit of the MG3520's built-in 2-sided printing. It will save customers up to half of their plain paper supply. It's also great for the environment.

## Photo All-in-One Lineup at a Glance

**MG6320**

- Wireless printing requires a working Ethernet network with wireless 802.11b/g or n capability. Wireless performance may vary based on terrain and distance between the printer and wireless network clients.
- AirPrint functionality requires an iPad, iPhone 3GS or later, or iPod touch 3rd generation or later device running iOS 4.2 or later, and an AirPrint-enabled printer connected to the same network as your iOS device. A printer connected to the USB port of your Mac, PC, AirPort Base station, or Time Capsule is not supported.
- To install using Windows® OS, .NET Framework 4 is required. Compatible still image formats are PDF (created using Canon PDF Creator only), JPEG (Exif), TIFF, and PNG. Compatible video formats are MOV (from select Canon digital cameras only) and MP4 (from select Canon digital camcorders only).
- "Full HD Movie Print" is available from "MOV" and "MP4" movie files created by select Canon EOS, PowerShot, and Vixia digital cameras and camcorders. Requires PC or Mac with Intel® processor and Canon ZoomBrowser EX 6.5 or later or Canon ImageBrowser 6.5 or later for "MOV" files, or Canon ImageBrowser EX 1.0 or later for "MOV" or "MP4" files. Print quality is determined by the video resolution. Function does not upscale video resolution. Requires an Internet connection. Google Cloud Print Function available April, 2012 or later. Printer firmware update may be necessary for Google Cloud Print function. Certain exceptions may apply. A PC running Windows XP or later or a Mac running OS 10.4.11 or later and USB cable required to perform firmware update.
- Resolution may vary based on printer driver setting. Color ink droplets can be placed with a horizontal pitch of 1/4800 inch at minimum.
- ISO/IEC 24734, 24735 define the default print and copy speed measurement methods. Print speeds are the averages of ESAT in Office Category Test for the default simplex mode, ISO/IEC 24734, excluding time to print the first set. Copy speed is the average of FCOT, ISO/IEC 24735 Annex D. See [www.usa.canon.com/ipm](http://www.usa.canon.com/ipm) for additional details.
- Optical resolution is a measure of maximum hardware sampling resolution, based on ISO 14473 standard.
- Photo print speeds are based on the standard mode driver setting using photo test pattern(s) and select Canon Photo Paper. Print speed is measured as soon as first page begins to feed into printer and will vary depending on system configuration, interface, software, document complexity, print mode, types of paper used, and page coverage. See [www.usa.canon.com/printspeed](http://www.usa.canon.com/printspeed) for additional information.
- Requires Canon Easy-PhotoPrint for iPhone app, available for free on the App Store, Canon Easy-PhotoPrint for Android app available for free on Google Play, or Canon Easy-PhotoPrint for Windows RT available for free in the Windows Store. Compatible with iPhone 3G, 3GS, 4, 4S, 5, iPad, iPad mini, iPod touch, Android devices running Android OS 1.6 or later, and Windows RT devices.
